STATUS, IMPACT AND ALLOCATION TO ELIGIBLE GREEN PROJECTS

Proceeds from the Clean Energy Project Revenue Bonds Series 2024A (Green Bonds) (“Series 2024A Bonds”) have been allocated to finance prepayment of electricity derived exclusively from renewable energy sources for the benefit of Silicon Valley Clean Energy (“SVCE”). The prepayment will provide electricity to SVCE for 30 years from a suite of clean and renewable energy facilities and projects, referred to as the “Clean Energy Project.” The average monthly quantity assigned through February 2032 is approximately 56,000 MWh. All facilities are operational. Table 1 describes impact metrics for the Series 2024A Bonds.

Methodology

In order to prepare Post-Issuance Reports, Kestrel obtains confirmation from an issuer or beneficiary through written correspondence and interviews with key staff. Kestrel also reviews publicly available documentation and information otherwise made available to us. The information contained herein is current as of the Date of Post-Issuance Report.

Disclaimer

This Report aims to explain how and why the discussed financing meets the ICMA Green Bond Principles based on the information that was provided by SVCE or the California Community Choice Financing Authority ("CCCFA") or made publicly available by SVCE or CCCFA and relied upon by Kestrel only during the post-issuance review period (December 2024 – January 2025), and only for purposes of providing this Report.

We have relied on information obtained from sources believed to be reliable, and assumed the information to be accurate and complete. However, Kestrel can make no warranty, express or implied, nor can we guarantee the accuracy, comprehensive nature, merchantability, or fitness for a particular purpose of the information we were provided or obtained.

By providing this Report, Kestrel is neither addressing nor certifying the credit risk, liquidity risk, market value risk or price volatility of the projects financed by the Green Bonds. It was beyond Kestrel's scope of work to review for regulatory compliance, and no surveys or site visits were conducted by us. Furthermore, we are not responsible for surveillance, monitoring, or implementation of the project, or use of proceeds.

The Report delivered by Kestrel is for informational purposes only, is current as of the Date of Post-Issuance Report, and does not address financial performance of the Green Bonds or the effectiveness of allocation of its proceeds. This Report does not make any assessment of the creditworthiness of SVCE or CCCFA, nor its ability to pay principal and interest when due. This Report does not address the suitability of a Bond as an investment, and contains no offer, solicitation, endorsement of the Bonds nor any recommendation to buy, sell or hold the Bonds. Kestrel accepts no liability for direct, indirect, special, punitive, consequential or any other damages (including lost profits), for any consequences when third parties use this Report either to make investment decisions or to undertake any other business transactions.

This Report may not be altered without the written consent of Kestrel. Kestrel reserves the right to revoke or withdraw this Report at any time. Kestrel certifies that there is no affiliation, involvement, financial or non-financial interest in SVCE or CCCFA or the projects discussed. We are 100% independent.
